

## **Greta Connolly**

OUT OF THE BLUE', Julie McLaughlin and Jim Black, received much deserved standing ovations IN THE ARENA at the Reef Hotel Casino. They blew the audience away with their SHIRLEY BASSEY TRIBUTE, and their personal presentation, professionalism and sheer joy at entertaining us was written all over them - these are what I call true entertainers, they don't just stand up and perform, they hand it to the audience with absolute energy and total professionalism!
